

Ingrid Flexible Insulated Food Container Model Number 1075N

Vendor:

Ingrid, Inc.
131 Sola Drive
Gilberts, IL 60136
800-622-5560
www.thermalbags.com

Specifications:

Model Number: 1075N
Dimensions: 13" W x 10- ½" D x 9" H
Weight: 2.1 lbs

Description:

Flexible insulated food carrier for hot and cold foods is lightweight and collapsible. The exterior is constructed of durable Cordura® nylon, which resists tearing and puncturing. The insulated carrier can maintain proper food serving temperatures for hours. The carrier is designed to hold two Cambro half-size, four inch deep steam table pans.

Capacity:

Two Cambro steam table pans, (Model 24Hp, ½-size, 4"deep, amber) with GripLid™ cover (Model 20 CWGL).

Benefits:

- Transport food efficiently and safely from the main galley to the Officer's or CPO mess areas
- Promotes safety because there is no chance of spillage during transport
- Maintains proper food serving temperatures
- Designed for easy handling and portability
- Takes up minimal space in galley storage areas

Cleaning Information:

The carrier can be washed in a sink or dishwasher. The aluminized interior can be wiped clean with a cloth.
